Narcoland Anabel Hernandez,2013-09-10 The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, *Narcoland* has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, *Narcoland* takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names - not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."

**Born to Run** Christopher McDougall,2010-12-09 A New York Times bestseller 'A sensation ... a rollicking tale well told' - The Times At the heart of *Born to Run* lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

**Brass Bands of the World: Militarism, Colonial Legacies, and Local Music Making** Suzel Ana Reily, Katherine Brucher, 2016-04-15 Bands structured around western wind instruments are among the most widespread instrumental ensembles in the world. Although these ensembles draw upon European military traditions that spread globally through colonialism, militarism and missionary work, local musicians have adapted the brass band prototype to their home settings, and today these ensembles are found in religious processions and funerals, military manoeuvres and parades, and popular music genres throughout the world. Based on their expertise in ethnographic and archival research, the contributors to this volume present a series of essays that examine wind band cultures from a range of disciplinary perspectives, allowing for a comparison of band cultures across geographic and historical fields. The themes addressed encompass the military heritage of band cultures; local appropriations of the military prototype; links between bands and their local communities; the spheres of local band activities and the modes of sociability within them; and the role of bands in trajectories toward professional musicianship. This book will appeal to readers with an interest in ethnomusicology, colonial and post-colonial studies, community music practices, as well as anyone who has played with or listened to their local band.

**Autobiografía de Un Esclavo** Juan Francisco Manzano, 1996 The proceedings of ISCV'95, the successor to previous Workshops on Computer Vision, comprise 104 refereed papers on topics in optical flow, matching/stereo, motion, object recognition, low-level vision, CAD-based vision, stereo, deformable models, systems and applications, tracking, segmentation and grouping, active vision, aerial image analysis, and integration/texture. **Cartographies of Diaspora** Avtar Brah, 2005-08-18 By addressing questions of culture, identity and politics, *Cartographies of Diaspora* throws new light on discussions about 'difference' and 'diversity', informed by feminism and post-structuralism. It examines these themes by exploring the intersections of 'race', gender, class, sexuality, ethnicity, generation and nationalism in different discourses, practices and political contexts. The first three chapters map the emergence of 'Asian' as a racialized category in post-war British popular and political discourse and state practices. It documents Asian cultural and political responses paying particular attention to the role of gender and generation. The remaining six chapters analyse the debate on 'difference', 'diversity' and 'diaspora' across different sites, but mainly within feminism, anti-racism, and post-structuralism.

**Chupie** Thalia, 2016 Internationally known singer, songwriter, business woman, and actress Thalia shares this fun and fanciful story about something every parent can relate to—persuading your child to give up the pacifier. Thalia dreamed up Binkyland, the magical place where the Binkies live and would one day return home, as a bedtime story for her own children. Vibrant, colorful, and campy, this is the perfect story for kids who need the extra push to give up their own binkies.

Chasing the Sun Deluxe Juanes, 2013-04-02 The deluxe e-book edition of *Chasing the Sun* includes rare, behind-the-

scenes video footage of superstar Juanes's early career, shows and concerts, recordings, personal life, and more. Interspersed throughout the text are exclusive interview clips that further explore the passion and truth found in Juanes's words and offer a true glimpse of the man behind the music. "I'm doing what I believe I was brought to this world to do: to create music that raises awareness, renews hearts, and generates change. I'll continue looking to the stars and traveling the globe as God permits me. And I hope I have many years left to connect through art, to play my guitar, and to continue chasing the sun."—Juanes In *Chasing the Sun*, the international music icon and humanitarian shares the incredible story of his life and how music and faith guided his path. In his own un-adulterated words, and with visually arresting images throughout—some of them never before seen—Juanes imparts his defining moments from childhood to present day, reflecting on his spiritual and musical journey and the personal and professional experiences that shaped the man he is today. Born and raised in Colombia, Juanes developed his deep love of music from his family and learned to play guitar at an early age. By age sixteen, he became a founding member, lead guitarist, vocalist, and song-writer for Ekymosis, which went on to become Colombia's leading hard-rock band. However, it was his career as a solo artist that propelled him toward international superstardom. With great honesty, Juanes reveals how his times of glory were often intersected by times of doubt and soul-searching and how remaining true to his beliefs and passionate about his art gave him the strength and foresight to reinvent himself and his career. While his role as a recording artist is well documented, the very private Juanes has never opened up in his own words—until now.

**Twelve Years a Slave** Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**The Code Book** Simon Singh, 2000-08-29 In his first book since the bestselling *Fermat's Enigma*, Simon Singh offers the

first sweeping history of encryption, tracing its evolution and revealing the dramatic effects codes have had on wars, nations, and individual lives. From Mary, Queen of Scots, trapped by her own code, to the Navajo Code Talkers who helped the Allies win World War II, to the incredible (and incredibly simple) logistical breakthrough that made Internet commerce secure, *The Code Book* tells the story of the most powerful intellectual weapon ever known: secrecy. Throughout the text are clear technical and mathematical explanations, and portraits of the remarkable personalities who wrote and broke the world's most difficult codes. Accessible, compelling, and remarkably far-reaching, this book will forever alter your view of history and what drives it. It will also make you wonder how private that e-mail you just sent really is.

*Glaxo* Hernan Ronsino,2017-01-17 *Glaxo* is a chilling novel of betrayal, romance, and murder, from a major Latin American writer being published in English for the first time. In a derelict town in Argentina's pampa, a decades-old betrayal simmers among a group of friends. One returns from serving time for a crime he didn't commit; another, a policeman with ties to the military regime, discovers his wife's infidelity; a third lays dying. And an American missionary has been killed. But what happened among these men? Spinning through a series of voices and timelines, *Glaxo* reveals a chilling story of four boys who grow up breaking horses and idolizing John Wayne, only to become adults embroiled in illicit romances, government death squads, and, ultimately, murder. Around them, the city falls apart. Both an austere drama and a suspenseful whodunit, *Glaxo* crackles with tension and mystery. And it marks the stunning English-language debut of a major Latin American writer.

*Then They Do* Trace Adkins,Jim Collins,Sunny Russ,2003 You want the dreams they dreamed of to come true-Then They Do. That line from one of country music's best songs in recent memory pretty much sums up the way millions of parents feel about their children. Many times as they are growing up and driving you crazy, you dream of when they will be out of the house-and you will have your life back again-and then they do. *Then They Do* is filled with heartwarming, and sometimes tear-inducing, stories from parents about cherishing the moments with your children and celebrating the fine young men and women they have become. This book will serve as a reminder to parents to seize those moments when their tiny ones are still underfoot, and will be a nostalgia-inducing keepsake for those whose children have moved upwards and onwards. A fine gift for parents young and old or for grown children in the midst of raising their own families.

*Production Culture* John Thornton Caldwell,2008-03-25 An investigation of the cultural practices and belief systems of Los Angelesbased film and video production workers.

*Elitelore* James Wallace Wilkie,1973

*Peasants into Frenchmen* Eugen Weber,1976 France achieved national unity much later than is commonly supposed. For a hundred years and more after the Revolution, millions of peasants lived on as if in a timeless world, their existence little different from that of the generations before them. The author of this lively, often witty, and always provocative work traces how France underwent a veritable crisis of civilization in the early years of the French Republic as traditional attitudes and

practices crumbled under the forces of modernization. Local roads and railways were the decisive factors, bringing hitherto remote and inaccessible regions into easy contact with markets and major centers of the modern world. The products of industry rendered many peasant skills useless, and the expanding school system taught not only the language of the dominant culture but its values as well, among them patriotism. By 1914, France had finally become La Patrie in fact as it had so long been in name.
