Age of discrepancies Olivier Debroise, 2006 The first exhibition to offer a critical assessment of the artistic experimentation that took place in Mexico during the last three decades of the twentieth century. The exhibition carefully analyzes the origins and emergence of techniques, strategies, and modes of operation at a particularly significant moment of Mexican history, beginning with the 1968 Student Movement, until the Zapatista uprising in the State of Chiapas. The show includes work by a wide range of artists, including Francis Alys, Vicente Rojo, Jimmie Durham, Helen Escobedo, Julio Galán, Felipe Ehrenberg, José Bedia, Guillermo Gómez-Peña, Francisco Toledo, Carlos Amorales, Melanie Smith, and Alejandro Jodorowsky, among many others. The edition is illustrated with 612 full-color plates of the art produced during these last three decades of the twentieth century reflect the social, political and technical developments in Mexico and ranged from painting and photography to poster design, installation, performance, experimental theatre, super-8 cinema, video, music, poetry and popular culture like the films and ephemeral actions of 'Panic' by Alejandro Jodorowsky, Pedro Friedeberg's pop art, the conceptual art, infrarealist and urban independent photography, artists books, the development of contemporary political photography, the participation of Mexican artists in Fluxus in the seventies and the contribution of Ulises Carrión to the international artist book movement and popular rock music, the pictorial battles of the eighties and the emergence of a variant of neo-conceptual art in 1990. **The Poisoned Water** Fernando Benítez, 1973 This first English translation makes available to English-speaking readers a powerful modern Mexican novel, first published in 1961. Fernando Benítez, well-known Mexican author, journalist, and winner of Mexico's 1968 best-book award, exploits a true but little-known incident by building it into a tightly structured,

tense, and tragic novel of social protest. The incident on which the novel is based is a bloody rebellion against the village feudal master touched off by joking comment on the poisoning of the water as one of Don Ulises's men is pushed into the plaza fountain. Feeding on itself, the rumor spreads that the boss has poisoned the local spring, and rebellion follows, with its violent and unforeseen consequences. The result is a frightening look at one of Mexico's major social problems and glaring irony that over fifty years after a revolution fought by the peasant and for the peasant, most rural groups are still living below the national economic standard.

*Mount Misery* Samuel Shem, 2012-02-29 From the Laws of Mount Misery: There are no laws in psychiatry. Now, from the author of the riotous, moving, bestselling classic, *The House of God*, comes a lacerating and brilliant novel of doctors and patients in a psychiatric hospital. Mount Misery is a prestigious facility set in the rolling green hills of New England, its country club atmosphere maintained by generous corporate contributions. Dr. Roy Basch (hero of *The House of God*) is lucky enough to train there \*only to discover doctors caught up in the circus of competing psychiatric theories, and patients who are often there for one main reason: they've got good insurance. From the Laws of Mount Misery: Your colleagues will hurt you more than your patients. On rounds at Mount Misery, it's not always easy for Basch to tell the patients from the doctors: Errol Cabot, the drug cowboy whose practice provides him with guinea pigs for his imaginative prescription cocktails . . . Blair Heiler, the world expert on borderlines (a diagnosis that applies to just about everybody) . . . A. K. Lowell, née Aliyah K. Lowenschteiner, whose Freudian analytic technique is so razor sharp it prohibits her from actually speaking to patients . . . And Schlomo Dove, the loony, outlandish shrink accused of having sex with a beautiful, well-to-do female patient. From the Laws of Mount Misery: Psychiatrists specialize in their defects. For Basch the practice of psychiatry soon becomes a nightmare in which psychiatrists compete with one another to find the best ways to reduce human beings to blubbing drug-addled pods, or incite them to an extreme where excessive rage is the only rational response, or tie them up in Freudian knots. And all the while, the doctors seem less interested in their patients' mental health than in a host of other things \*managed care insurance money, drug company research grants and kickbacks, and their own professional advancement. From the Laws of Mount Misery: In psychiatry, first comes treatment, then comes diagnosis. What *The House of God* did for doctoring the body, *Mount Misery* does for doctoring the mind. A practicing psychiatrist, Samuel Shem brings vivid authenticity and extraordinary storytelling gifts to this long-awaited sequel, to create a novel that is laugh-out-loud hilarious, terrifying, and provocative. Filled with biting irony and a wonderful sense of the absurd, *Mount Misery* tells you everything you'll never learn in therapy. And it's a hell of a lot funnier.

*The Hispanic Labyrinth* Xavier Rubert de Ventós, In its original Spanish language version, this tour de force was awarded the famed Espejo de España prize. Rubert de Ventós examines the ambiguous yet highly charged relationships between Spain and the American nations of the Western hemisphere. Writing with the grace and charm that characterizes

the best of the pensador tradition, the author has produced a fundamental treatise on social development. With his deep appreciation for the indigenous populations of South and Central America, Rubert deVentos offers a comparative perspective on the two major forms of colonization in the Americas--that of Spain and of the United States, leading to the provocative conclusion that each should have learned from the traditional rather than the modern lives of the other. He emphasizes with great precision distinctions in relative stages of industrialization in the West, differences between Catholic and Protestant faiths, the variety of legal codes imposed on Latin America, and above all the fine but critical differences between civilization and evangelization. Rubert deVentos's effort is exemplary for its immersion into the actual patterns of culture found in the encounter of civilizations. He engages in no harshness, no condemnation, no trivial pursuit of post-mortem name-calling. Rather he has a keen sense of the historical, the theological, and the inevitable. Written for the general reader and specialist in area studies alike, providing a deep sense of anthropology as well as history, *The Hispanic Labyrinth* has an ambitious aim: to give all concerned in this relationship a sense of common cause in building democracy in the process of global interaction. Xavier Rubert deVentos holds the chair in Esthetics at the University of Barcelona. He is a Santayana Fellow at Harvard University and a founding member of the New York Institute for the Humanities. He has held visiting professorships at the University of Cincinnati, and the University of California at Berkeley. He is the author of works in Spanish and Catalan, including *On Modernity*; *The Theory of Sensibility* and other books on philosophical themes. He is also a deputy to the European Parliament. *The Hispanic Labyrinth* is translated from Spanish by Mary Ann Newman, teacher of Spanish-American literature in New York City.

*Myself with Others* Carlos Fuentes, 2013-05-14 In *Myself with Others*, Fuentes has assembled essays reflecting three of the great elements of his work: autobiography, love of literature, and politics. They include his reflections on his beginning as a writer, his celebrated Harvard University commencement address, and his trenchant examinations of Cervantes, Gabriel Garcia Marquez, and Borges.

**The Rabbit on the Face of the Moon** Alfredo López Austin, 1996 *The Rabbit on the Face of the Moon* is a collection of articles on mythology in the Mesoamerican tradition by Alfredo Lopez Austin, one of the foremost scholars of ancient Mesoamerican thought. Their span is diverse: myths and names, eclipses, stars, left and right, Mexica origins, Aztec incantations, animals, and the incorporation of Christian elements into the living mythologies of Mexico. The title essay relates the Mesoamerican myth explaining why there is a rabbit on the moon's face to a Buddhist image and suggests the importance of the profound mythical concepts presented by each image. The eighteen pieces in this volume are unified by

their basis in Mesoamerican tradition and provide a fascinating look into a system of millennia-old legends and beliefs.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

LaFrance examines politics, warfare, and state building within the context of autonomy, as well as the military, political, and economic changes that occurred in the name of the Revolution.

But Jason Mendieta wants to

follow in his father's footsteps--even as Mexico's drug war descends a slippery slope towards chaos. While Lefty pursues a lunatic who has taken to bumping off dentists with a heavy-calibre pistol, a secret agent infiltrates a meeting of the drug lords and hears Pacific Cartel boss Samantha Valdes implore her underlings to stay out of the war. But an audacious murder provokes Samantha into changing her mind and launching a grisly wave of killings across the country. There will be no quiet family Christmas for our detective, as Samantha persuades Lefty to help her find the killer that pushed everything over the edge. The truth he discovers will underline an old adage: revenge is a dish best served cold.
