Jeremy Heimans, Henry Timms

The Borowitz Report Andy Borowitz, 2010-05-11 Prepare to be shocked. From the man The Wall Street Journal hailed as a Swiftean satirist comes the most shocking book ever written! The Borowitz Report: The Big Book of Shockers, by award-winning fake journalist Andy Borowitz, contains page after page of news stories too hot, too controversial, too -- yes, shocking -- for the mainstream press to handle. Sample the groundbreaking reporting from the news organization whose motto is Give us thirty minutes -- we'll waste it.

What We Owe Each Other Minouche Shafik, 2022-08-23 From one of the leading policy experts of our time, an urgent rethinking of how we can better support each other to thrive Whether we realize it or not, all of us participate in the social contract every day through mutual obligations among our family, community, place of work, and fellow citizens. Caring for others, paying taxes, and benefiting from public services define the social contract that supports and binds us together as a society. Today, however, our social contract has been broken by changing gender roles, technology, new models of work, aging, and the perils of climate change. Minouche Shafik takes us through stages of life we all experience—raising children, getting educated, falling ill, working, growing old—and shows how a reordering of our societies is possible. Drawing on evidence and examples from around the world, she shows how every country can provide citizens with the basics to have a decent life and be able to contribute to society. But we owe each other more than this. A more generous and inclusive society would also share more risks collectively and ask everyone to contribute for as long as they can so that everyone can fulfill their potential. What We Owe Each Other identifies the key elements of a better social contract that recognizes our interdependencies, supports and invests more in each other, and expects more of individuals in return. Powerful, hopeful, and thought-provoking, What We Owe Each Other provides practical solutions to current challenges and demonstrates how we can build a better society—together.

American Mirror: The Life and Art of Norman Rockwell Deborah Solomon, 2013-11-05 The long-awaited biography of the defining illustrator of the twentieth century by a celebrated art critic--

Seek You Kristen Radtke, 2021-07-13 From the acclaimed author of *Imagine Wanting Only This*—a timely and moving meditation on isolation and longing, both as individuals and as a society. There is a silent epidemic in America: loneliness. Shameful to talk about and often misunderstood, loneliness is everywhere, from the most major of metropolises to the

smallest of towns. In *Seek You*, Kristen Radtke's wide-ranging exploration of our inner lives and public selves, Radtke digs into the ways in which we attempt to feel closer to one another, and the distance that remains. Through the lenses of gender and violence, technology and art, Radtke ushers us through a history of loneliness and longing, and shares what feels impossible to share. Ranging from the invention of the laugh-track to the rise of Instagram, the bootstrap-pulling cowboy to the brutal experiments of Harry Harlow, Radtke investigates why we engage with each other, and what we risk when we turn away. With her distinctive, emotionally-charged drawings and deeply empathetic prose, Kristen Radtke masterfully shines a light on some of our most vulnerable and sublime moments, and asks how we might keep the spaces between us from splitting entirely.

Between the World and Me Ta-Nehisi Coates, 2015-07-14 #1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Distinguished Scientists, Demonstrating Its Purity ,2019

Stupid Things I Won't Do When I Get Old Steven Petrow, 2021-06-29 For fans of David Sedaris and Nora Ephron, a humorous, irreverent, and poignant look at the gifts, stereotypes, and inevitable challenges of aging, based on award-winning journalist Steven Petrow's wildly popular New York Times essay, *Things I'll Do Differently When I Get Old*. Soon after his 50th birthday, Petrow began assembling a list of "things I won't do when I get old"—mostly a catalog of all the things he thought his then 70-something year old parents were doing wrong. That list, which included "You won't have to shout at me that I'm deaf," and "I won't blame the family dog for my incontinence," became the basis of this rousing collection of do's and don'ts, wills and won'ts that is equal parts hilarious, honest, and practical. The fact is, we don't want to age the way previous generations did. "Old people" hoard. They bore relatives—and strangers alike—with tales of their aches and pains. They insist on driving long after they've become a danger to others (and themselves). They eat dinner at 4pm. They swear they don't need a cane or walker (and guess what happens next). They never, ever apologize. But there is another way... In *Stupid Things I Won't Do When I Get Old*, Petrow candidly addresses the fears, frustrations, and stereotypes that accompany aging. He offers a blueprint for the new old age, and an understanding that aging and illness are not the same. As he writes, "I meant the list to serve as a pointed reminder—to me—to make different choices when I eventually cross the threshold to 'old.'" Getting older is a privilege. This essential guide reveals how to do it with grace, wisdom, humor, and hope. And without hoarding. Praise for *Stupid Things I Won't Do When I Get Old*: "Unbelievably witty and relatable, I alternated bursting into laughter and placing my hand over my face in horror thinking, Oh my God, is that me? I often say, at this age we have something young people can never have...wisdom. My dear friend, Steven Petrow, has wisdom to share in this honest, funny, wry guide to keep us young at heart, without desperately hanging onto our youth. I am buying this book for all of my friends!" —Suzanne Somers, New York Times bestselling author of *A New Way to Age* "*Stupid Things I Won't Do When I Get Old* is an irreverent, funny, honest look at aging and all the things we take for granted as normal parts of aging. They don't need to be. If you struggle with getting older and want to find a fresh perspective on lessons learned about what NOT to do as we age, and what TO do to stay young in heart, spirit, mind and body, read this book." —Mark Hyman, MD, #1 New York Times bestseller author of *The Blood Sugar Solution 10-Day Detox Diet*, and Head of Strategy and Innovation at the Cleveland Clinic Center for Functional Medicine. "Steven Petrow resolved to do things differently than his parents had when he gets old because he wished they'd been able to enjoy life more. His solution? He created a list! In this book, he shares the secrets to living a full life regardless of our age. It's all about the decisions we make every day. My advice in a nutshell: Read this book and keep it handy." —"Dear Abby" (Jeanne Phillips), nationally syndicated advice columnist "It's never too early to imagine what your life will look like as you age. And as I once wrote, 'We are not hostages to our fate.' Petrow's book will help you plan, think, and redefine what it means to get older—and even laugh while doing it." —Andrew Weil, MD, New York

Times bestselling author of *Spontaneous Healing* and *Healthy Aging: A Lifelong Guide to Your Well-Being* “Steven Petrow not only has a great attitude about life, he is wise about how to live it. Like me, he says we should embrace our one life 100% and not let a number—our age—get in the way of anything! Steven’s book will help you rethink the word “aging” and approach this next chapter with a positive and proactive attitude. Plus, this book is fun!” —Denise Austin, renowned fitness expert, author, and columnist “Steven’s writing feels like sitting with a friend—one who is unusually gracious, warm and frank.” —Carolyn Hax, author of the nationally syndicated advice column, *Carolyn Hax* Praise for Steven Petrow: Steven Petrow's *Complete Gay & Lesbian Manners* helps gays and straights navigate the subtleties of the same-sex world. —People Move over, Emily Post! When it comes to etiquette for members of the gay, lesbian, bisexual and transgender community—as well as their straight friends, family members and coworkers—author and journalist Steven Petrow is the authority. —TIME What could've easily become a novelty book has emerged as an exhaustively researched, essential resource thanks to advice columnist and etiquette expert Steven Petrow. —The Advocate From having kids to planning funerals, Steven Petrow's *Complete Gay & Lesbian Manners* has most facets of gay life covered. Ms. Post would approve. —Entertainment Weekly An indispensable refresher course...on what's proper in modern...life. —Kirkus Reviews

New Power Jeremy Heimans, Henry Timms, 2018-04-03 From two influential and visionary thinkers comes a big idea that is changing the way movements catch fire and ideas spread in our highly connected world. For the vast majority of human history, power has been held by the few. Old power is closed, inaccessible, and leader-driven. Once gained, it is jealously guarded, and the powerful spend it carefully, like currency. But the technological revolution of the past two decades has made possible a new form of power, one that operates differently, like a current. New power is made by many; it is open, participatory, often leaderless, and peer-driven. Like water or electricity, it is most forceful when it surges. The goal with new power is not to hoard it, but to channel it. New power is behind the rise of participatory communities like Facebook and YouTube, sharing services like Uber and Airbnb, and rapid-fire social movements like Brexit and #BlackLivesMatter. It explains the unlikely success of Barack Obama's 2008 campaign and the unlikelier victory of Donald Trump in 2016. And it gives ISIS its power to propagate its brand and distribute its violence. Even old power institutions like the Papacy, NASA, and LEGO have tapped into the strength of the crowd to stage improbable reinventions. In *New Power*, the business leaders/social visionaries Jeremy Heimans and Henry Timms provide the tools for using new power to successfully spread an idea or lead a movement in the twenty-first century. Drawing on examples from business, politics, and social justice, they explain the new world we live in—a world where connectivity has made change shocking and swift and a world in which everyone expects to participate.

How to Avoid a Climate Disaster Bill Gates, 2021-02-16 #1 NEW YORK TIMES BEST SELLER • In this urgent, authoritative book, Bill Gates sets out a wide-ranging, practical—and accessible—plan for how the world can get to zero

greenhouse gas emissions in time to avoid a climate catastrophe. Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet's slide to certain environmental disaster. In this book, he not only explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes the areas in which technology is already helping to reduce emissions, where and how the current technology can be made to function more effectively, where breakthrough technologies are needed, and who is working on these essential innovations. Finally, he lays out a concrete, practical plan for achieving the goal of zero emissions—suggesting not only policies that governments should adopt, but what we as individuals can do to keep our government, our employers, and ourselves accountable in this crucial enterprise. As Bill Gates makes clear, achieving zero emissions will not be simple or easy to do, but if we follow the plan he sets out here, it is a goal firmly within our reach.

The Fourth Industrial Revolution Klaus Schwab, 2017-01-03 World-renowned economist Klaus Schwab, Founder and Executive Chairman of the World Economic Forum, explains that we have an opportunity to shape the fourth industrial revolution, which will fundamentally alter how we live and work. Schwab argues that this revolution is different in scale, scope and complexity from any that have come before. Characterized by a range of new technologies that are fusing the physical, digital and biological worlds, the developments are affecting all disciplines, economies, industries and governments, and even challenging ideas about what it means to be human. Artificial intelligence is already all around us, from supercomputers, drones and virtual assistants to 3D printing, DNA sequencing, smart thermostats, wearable sensors and microchips smaller than a grain of sand. But this is just the beginning: nanomaterials 200 times stronger than steel and a million times thinner than a strand of hair and the first transplant of a 3D printed liver are already in development. Imagine “smart factories” in which global systems of manufacturing are coordinated virtually, or implantable mobile phones made of biosynthetic materials. The fourth industrial revolution, says Schwab, is more significant, and its ramifications more profound, than in any prior period of human history. He outlines the key technologies driving this revolution and discusses the major impacts expected on government, business, civil society and individuals. Schwab also offers bold ideas on how to harness these changes and shape a better future—one in which technology empowers people rather than replaces them; progress serves society rather than disrupts it; and in which innovators respect moral and ethical boundaries rather than cross them. We all have the opportunity to contribute to developing new frameworks that advance progress.

Between You & Me: Confessions of a Comma Queen Mary Norris, 2015-04-06 Hilarious...This book charmed my socks off. —Patricia O’Conner, New York Times Book Review Mary Norris has spent more than three decades working in The

New Yorker's renowned copy department, helping to maintain its celebrated high standards. In *Between You & Me*, she brings her vast experience with grammar and usage, her good cheer and irreverence, and her finely sharpened pencils to help the rest of us in a boisterous language book as full of life as it is of practical advice. Named a Best Book of the Year by NPR, Amazon, Wall Street Journal, Publishers Weekly, Kirkus, and Library Journal.

Surviving Autocracy Masha Gessen, 2021-06-01 "When Gessen speaks about autocracy, you listen." —The New York Times "A reckoning with what has been lost in the past few years and a map forward with our beliefs intact." —Interview As seen on MSNBC's Morning Joe and heard on NPR's All Things Considered: the bestselling, National Book Award-winning journalist offers an essential guide to understanding, resisting, and recovering from the ravages of our tumultuous times. This incisive book provides an essential guide to understanding and recovering from the calamitous corrosion of American democracy over the past few years. Thanks to the special perspective that is the legacy of a Soviet childhood and two decades covering the resurgence of totalitarianism in Russia, Masha Gessen has a sixth sense for the manifestations of autocracy—and the unique cross-cultural fluency to delineate their emergence to Americans. Gessen not only anatomizes the corrosion of the institutions and cultural norms we hoped would save us but also tells us the story of how a short few years changed us from a people who saw ourselves as a nation of immigrants to a populace haggling over a border wall, heirs to a degraded sense of truth, meaning, and possibility. *Surviving Autocracy* is an inventory of ravages and a call to account but also a beacon to recovery—and to the hope of what comes next.

Dark Money Jane Mayer, 2017-01-24 NATIONAL BESTSELLER ONE OF THE NEW YORK TIMES 10 BEST BOOKS OF THE YEAR Who are the immensely wealthy right-wing ideologues shaping the fate of America today? From the bestselling author of *The Dark Side*, an electrifying work of investigative journalism that uncovers the agenda of this powerful group. In her new preface, Jane Mayer discusses the results of the most recent election and Donald Trump's victory, and how, despite much discussion to the contrary, this was a huge victory for the billionaires who have been pouring money in the American political system. Why is America living in an age of profound and widening economic inequality? Why have even modest attempts to address climate change been defeated again and again? Why do hedge-fund billionaires pay a far lower tax rate than middle-class workers? In a riveting and indelible feat of reporting, Jane Mayer illuminates the history of an elite cadre of plutocrats—headed by the Kochs, the Scaifes, the Olins, and the Bradleys—who have bankrolled a systematic plan to fundamentally alter the American political system. Mayer traces a byzantine trail of billions of dollars spent by the network, revealing a staggering conglomeration of think tanks, academic institutions, media groups, courthouses, and government allies that have fallen under their sphere of influence. Drawing from hundreds of exclusive interviews, as well as extensive scrutiny of public records, private papers, and court proceedings, Mayer provides vivid portraits of the secretive figures behind the new American oligarchy and a searing look at the carefully concealed agendas steering the nation. *Dark Money* is

an essential book for anyone who cares about the future of American democracy. National Book Critics Circle Award Finalist
LA Times Book Prize Finalist PEN/Jean Stein Book Award Finalist Shortlisted for the Lukas Prize

Wildland Evan Osnos, 2021-09-14 INSTANT NEW YORK TIMES BESTSELLER After a decade abroad, the National Book Award- and Pulitzer Prize-winning writer Evan Osnos returns to three places he has lived in the United States—Greenwich,

CT; Clarksburg, WV; and Chicago, IL—to illuminate the origins of America’s political fury. Evan Osnos moved to Washington, D.C., in 2013 after a decade away from the United States, first reporting from the Middle East before becoming the Beijing bureau chief at the Chicago Tribune and then the China correspondent for The New Yorker. While abroad, he often found himself making a case for America, urging the citizens of Egypt, Iraq, or China to trust that even though America had made grave mistakes throughout its history, it aspired to some foundational moral commitments: the rule of law, the power of truth, the right of equal opportunity for all. But when he returned to the United States, he found each of these principles under assault. In search of an explanation for the crisis that reached an unsettling crescendo in 2020—a year of pandemic, civil unrest, and political turmoil—he focused on three places he knew firsthand: Greenwich, Connecticut; Clarksburg, West Virginia; and Chicago, Illinois. Reported over the course of six years, *Wildland* follows ordinary individuals as they navigate the varied landscapes of twenty-first-century America. Through their powerful, often poignant stories, Osnos traces the sources of America’s political dissolution. He finds answers in the rightward shift of the financial elite in Greenwich, in the collapse of social infrastructure and possibility in Clarksburg, and in the compounded effects of segregation and violence in Chicago. The truth about the state of the nation may be found not in the slogans of political leaders but in the intricate details of individual lives, and in the hidden connections between them. As *Wildland* weaves in and out of these personal stories, events in Washington occasionally intrude, like flames licking up on the horizon. A dramatic, prescient examination of seismic changes in American politics and culture, *Wildland* is the story of a crucible, a period bounded by two shocks to America’s psyche, two assaults on the country’s sense of itself: the attacks of September 11 in 2001 and the storming of the U.S. Capitol on January 6, 2021. Following the lives of everyday Americans in three cities and across two decades, Osnos illuminates the country in a startling light, revealing how we lost the moral confidence to see ourselves as larger than the sum of our parts.
